

## ZENITH AWARDS 2007

**Date Published: 07/07/2007**

### **Winner - Water & Waste Water**

Wastewater System SCADA Upgrade, Gold Coast Water

Working with GCW for many years PARASYN helped to upgrade the systems that service the 2678kms of pipes and sewers, 550 pumping stations and 4 wastewater treatment plants. PARASYN helped to develop a fully redundant 240000 point single server system making it one of the largest single servers of its kind.

Highly commended - Gas & Oil

Moonie-Lytton Oil Pipeline Leak Detection and Spill Minimization System

Working in conjunction with Santos PARASYN helped develop the new leak detection solution for the Moonie and Lytton oil pipeline. The system monitors and protects 1100 kilometres of pipeline from Queensland to just near the South Australia boarder.
